Club Policies/Rules and Regulations for Ice Sessions

Updated 6/1/20.

These rules are applicable for all Skating Club of Hingham ice sessions. **Each item must be initialed prior to acceptance of membership, and signed below.** PLEASE MAKE SURE YOUR SKATER READS AND UNDERSTANDS EACH ITEM.

- _____1. Skaters and parents must comply with any and all procedures/rules as posted by the SCOH and Bavis Arena pertaining to Covid-19 restrictions. It is the responsibility of the skater/parents to read any notices posted at the rink pertaining to these guidelines. Guidelines may be updated/changed based on the current situation.
- _____2. Skaters and parents are advised that any abuse of the rules and regulations of The Skating Club of Hingham may result in the skater being excused from the ice for a period of time to be determined by the Board of Directors. Courtesy is expected at all times.
- _____3. For safety reasons, the Board of Directors have the authority to remove a skater from the ice if their behavior or ability places the skater or other skaters at risk, regardless of level.
- _____4. Skaters **MUST** check-in and be paid prior to the start of each session.
- _____5. Any skater performing their program has the **right of way**. Please take a moment when music is playing to identify which skater is doing their program. Skaters should wear the orange belt when it's their music. Skaters in a lesson have secondary right of way, after the skater doing their program.
- _____6. A skater who has **already started entry to a jump** should be given the right of way. BUT This does not mean that if a skater is spinning or doing footwork that they have to move for the jumper. This means if one person is skating and not in a specific move and sees another entering a jump, the skater starting the jump should have the right of way as a matter of safety. DO NOT start a jump if someone is already in your immediate path/line of sight, has already entered a spin in the same spot, or the other skater has their back to you, and is coming your way! Remember, skaters already in a CAMEL SPIN cannot move for you!
- _____7. Skaters **MUST** be aware of jump patterns & traffic on the ice, and not linger in one spot of the ice. If a skater wishes to practice for several minutes in one spot, they must watch for skaters setting up jumps and make every attempt to share the ice. Coaches should respectfully communicate with each other with regard to ice usage (if someone needs a corner or to get a moves pattern through other skaters in that area, speak to one another as a professional.)
- _____8. Programs will be played in the order they are placed in line. A skater in lesson may have their coach "bump" the line once, in front of those skaters not currently in a lesson. A coach may not bump more than twice until all skaters in line have gone at least 1 time.
- _____9. All skaters have the right to get their music played, as time permits. CD's should be placed in line, on the wall. Club coaches giving lessons may go ahead, **IF** their student has not already had their music played. If they want to go again, they must wait until other club members have their music at least once if they desire. Having multiple programs does not entitle a skater to go ahead of someone who hasn't gone at all. You must wait until everyone has a chance to go **ONE** time.

- _____10. All non-member CDs are placed at the end of the rotation behind club members. Full club members have priority over beginner members, or non-members if there is not enough time in a session for everyone to go 1 time.

- _____11. Skaters should NOT be talking or standing in groups in the corners or middle of the ice. Skaters should keep moving when they are on the ice. If they need a break, they should **leave the ice.**

- _____12. Before skating away from the barrier or when stepping onto the ice surface, the skater should make sure he or she is not in the path of another skater. "Heads Up" at all times.

- _____13. All skaters are expected to get up immediately after a fall unless stunned or injured.

- _____14. **Before using the harness**, a signed waiver must be completed. Staff coaches and full club members have priority over all others wishing to use the harness. Coaches must be respectful of time if another coach makes a request to them to use the harness. Coaches should check the harness before use for any signs of wear and tear, or loose items.

- _____15. **Basic Skills members or hockey skaters** MUST have a private lesson coach present and on the ice in order to get on the ice. Basic skills or hockey skaters will be permitted to skate prior to, or after, their private lesson for the remainder of a session ONLY if a Board member present deems there is no safety risk. Hockey skaters MUST be under the control of their private lesson coach at ALL TIMES, and only skates, gloves and helmet are allowed.

Walk-on Rules

1. The order of preference for walk-on skaters is as follows: a) Full members ; b) Beginner Members; c) Basic Skills members having a lesson that day, d) Alumni/Adult members; e) Collegiate members; f) Reciprocal club members, g) Non-club USFS skaters.

2. Any non-SCOH professional who wishes to teach on any SCOH club ice or participate in club sponsored activities, must present their USFS coaching credentials including proof of liability and background screen, and complete a Guest Pro Application. The SCOH reserves the right to revoke any "non-staff member" coaching privileges AT ANY TIME at the discretion of the Board.
