

SKATING CLUB OF HINGHAM RULES

As of July 8th, 2020

All persons entering the facility MUST abide by the following rules and any/all guidelines posted by the Bavis Arena.

- Please ENTER AND EXIT the facility as marked. There is one entrance on the parking lot side, and you must exit through the door in the main lobby.
- Skaters/chaperones may only enter the hallway of the arena from the ENTRANCE and may not enter the LOBBY AREA until the prior skating group has cleared the lobby area.
- Only 1 chaperone per skater is allowed in the building. No others spectators are allowed inside the ice arena at this time.
- Masks should be worn whenever inside the building. Skaters/coaches on the ice are not required to wear face masks.
- Skaters need to make sure all personal belongings are put inside their bag when ready to enter the ice arena. Kiss and Cry bags are allowed inside the ice arena, along with personal water bottles. Each skater's belongings must be spaced out to allow a safe distance between other skater's bags.
- Skate guards MUST be kept with your Kiss and Cry bag and not on the boards at the entrance gate.
- Any tissues/Kleenex and belongings must be taken with you at the end of your ice session.
- Once your scheduled session has ended, please leave the ice surface as quickly as possible. You also must leave the lobby/building within 10 minutes of your scheduled ice. This will allow for safe distancing of the skate group that is waiting in the hallway for their ice time.
- Please check posted rules daily for any updates/changes to the above.
